

1. It is defined as a straight line on a graph joining corresponding values of the variables when one of the variables is constant. It is used as a tool in analyzing ternary phase diagrams by holding one of the compositions constant. FTP, what is this term?

Answer: ISOPLETH

2. Belly, Rusted Root, Shania Twain, Tori Amos, Red Hot Chili Peppers, Goo Goo Dolls, and Van Halen. For ten points, on what film's soundtrack album do songs by all of these artists appear even though Bob Dylan's "Blowin' in the Wind" seems like a much better choice.

Answer: TWISTER

3. A proto-O.J., this British writer used his 3 days at the pillory as a promotion for his publication "A Hymn to the Pillory." Also a secret agent and haberdasher, this writer had many jobs during the late 1600's and early 1700's, including one as the editor of "A Weekly Review of the Affairs of France." For ten points, name this British author of *A Journal of the Plague Year*, *Moll Flanders*, and *Robinson Crusoe*.

Answer: Daniel DEFOE

4. It has 2 or 3 drone strings, and 4 or 5 strings for melodic playing. 11 to 19 wire strings under the frets are each tuned to a different pitch, so that at least one is always vibrating in sympathy with any played pitch, giving the instrument a very distinct sound. FTP, what is this lute with moveable frets, a mainstay of traditional Indian music.

Answer: SITAR

5. In July 1996, it issued apologies in Spain and Mexico for offering "savage" and "maneater" as synonyms for the word "Indian." In August 1996, it apologized to South Korea for suggesting in its encyclopedia that part of ancient Korea was ruled by Japan. In September 1996, it apologized to China for phrases in its input method editors that described China's leaders as "Communist bandits." FTP, name this company that is also the world's leading purchaser of computer floppy disks.

Answer: MICROSOFT Corporation

6. She was born with the unwieldy name Princess Sophie Frederica Augusta of Amhalt-Zerbst, but through marriage and conspiracy she came to rule a much larger land than the tiny German state of her birth. An illiterate Cossack named Pugachev led a 1773 rebellion claiming to be her murdered husband, Peter the third. For ten points, name this Russian ruler whose favorites included Potemkin.

Answer: CATHERINE THE GREAT or CATHERINE II

7. In 1853, at the age of seven, this future philosopher watched in morbid fascination as his father died of paralysis of the brain. At the age of thirty-five, he had painful headaches that convinced him he would soon suffer the

same fate as his father. After recovering, he was convinced he had willed himself well and the former university of Basle philosophy professor began writing the books of philosophy that would make him famous. In one work, which has been described as a powerful poem of hate, he uses the "voice" of a famous Persian prophet to tell readers, "Be not ashamed of the hatred and the envy within your hearts" and to "cast off the rusty virtues." For ten points, name the author of *The Genealogy of Morals*, *The Will to Power*, and *Thus Spake Zarathustra*.

Answer: Friedrich Wilhelm NIETZCHE\_

8. The NBS-6 (National Bureau of Standards - 6) started keeping time in 1975, but in 1993 its replacement began timing with an error not exceeding second in a million years. FTP, what is the name of this new atomic clock whose name is not NBS-7 because the National Bureau of Standards changed its name.

Answer: NIST-7 or NATIONAL INSTITUTE OF STANDARDS AND TECHNOLOGY-7
