

The Second Annual AD HOC II
The Wrath of Khon
April 27, 1997
Round 4 by Khon Lien

Toss-ups

1. Laurentius, Mellitus, Justus, and Honorius all held this position. George Leonard Carey holds this position currently. He became the 104th person at this position when he took over in 1991 for Robert Alexander Kennedy Runcie. FTP, name this position held by Anselm, St Augustine, and Thomas a Beckett.

Archbishop of Canterbury

2. This mathematician and astronomer was born in Beaumont-en-Auge, France. He studied at Laen, and became professor of Mathematics at the Ecole Militaire, Paris. His five volume Celestial Mechanics is a landmark in applied mathematics. FTP, name this mathematician who in his study of the gravitational attraction of spheroids, formulated the fundamental differential equation in Physics that now bears his name.

LaPlace

3. The king of England banishes Posthumus Leonatus to prevent him from marrying his daughter Imogen. Iachimo convinces Posthumus that Imogen was unfaithful. So, Posthumus orders Pisano to kill Imogen. Imogen is spared and meets Lord Belarius who had abducted her brothers Guiderius and Arviragus as infants. In the end, the family is reunited and the king banishes Iachimo for being a liar. FTP, name this play by Shakespeare.

Cymbeline

4. This prophet's book is short but poetic and begins by praising the majesty of the Lord and tells of God's wrath against His enemies. This prophet prophesized the bloody destruction of Nineveh in graphic and ghastly detail. FTP, name this prophet whose book follows Micah in the Bible.

Nahum

5. This painter was active mainly in Rome. He was commissioned by the Italian poet Marino to make drawings to illustrate Ovid's Metamorphoses. He also painted, in Rome, the altarpiece of The Martyrdom of St Erasmus. Later, in his life, he began to paint religious works like the series of paintings on the Seven Sacraments, The Worship of the Golden Calf, and The Israelites Gathering of the Manna. FTP, name this painter of The Rape of the Sabines.

Poussin

6. In this companion case decided in 1957 by a six to three vote, laws prohibiting the sale or distribution of obscene literature was not unconstitutional. The obscenity laws were beyond the first amendment. FTP,

name this companion case of *Roth v U.S.* that involves a west coast state.

Alberts vs California

7. These parts of a virus come in various shapes including helical, polyhedral, or complex. Some are composed of competitive subunits of only a single type of protein. In some viruses, these virus parts are surrounded by a lipid membrane envelope. FTP, name this outer covering of the virion which is sometimes interchangeable for the head.

Capsid

8. This country was founded in 1719. It was a member of the German Confederation from 1815 to 1866 when it became an independent principality. It has managed to stay neutral and undamaged throughout all the European wars. In 1984, women finally got the right to vote. This was a victory for Prince Hans Adam. FTP, name this country whose capital is Vaduz.

Liechtenstein

9. In Hindu legend, this King of Nishadha was the husband of Damayanti who fell in love with him even though she never saw him previously. The gods wanted Damayanti for themselves and employed this king as an emissary and advocate. Damayanti did not want the gods. She wanted nobody but this king. The magic between the two were so great that she was able to pick him from a line up of gods that looked like him. FTP, name this king who shared his name with a female lion in *The Lion King*.

Nala

10. In this romantic tragedy, a Scythian shepherd becomes a fierce bandit and eventually king. Part I shows the embodiment of the Renaissance Spirit while Part II shows how his lust for power and cruelty was his downfall. FTP, name this work about a Persian King written by Christopher Marlowe.

Tamburlaine the Great

11. This chemical law shows that at constant temperature and pressure, equal volumes of gases contain equal numbers of moles or molecules. The volume of an ideal gas is directly proportional to its amount in moles. FTP, name this law that named after the scientist who stated that one mole equals 6.022×10^{23} molecules.

Avogadro's Law

12. This naval officer was born in South Kingston, Rhode Island. He served in the War of 1812 and became captain of the first U.S. steam warship, the U.S.S. *Fulton* in 1837. He also commanded the African Squadron and the Home Squadron during the last phase of the Mexican War. FTP, name this naval officer who shares his name with one of the stars of *Friends* who opened up trade routes with Japan.

Matthew Perry

13. This hockey player was born in Brantford, Ontario, Canada. He joined the Edmonton Oilers in 1979 and has scored more goals than any other player in a season. He was voted MVP nine times. FTP, name this former LA King who is known as The Great One.

Gretzky

14. This novel was drawn from autobiographical material, as well, as from the clear influences of Schopenhauer and Wagner. In this novel, the title character and his son Johann Jr are exemplary bearers of the family's solid and rational tradition. Johann Junior's children, however, become decadent. Toni is fickle and aimless, Christian never does well in anything, and Thomas cannot keep the family business afloat. The family line ends when Thomas's son ends the material and spiritual decline of the family by dying of Typhoid fever. FTP, name this first novel by Thomas Mann.

Buddenbrooks

15. Pencil and paper ready: A 0.48 kg bird flying at 50 m/sec collides with a hovering stationary 0.02 kg hummingbird. The two birds collide and stick together. FTP, assuming one dimensional collision, what is the speed of the tangled birds after the collision?

48m/sec $(M_1V_1 + M_2V_2 = (M_1 + M_2)V = .48 \times 50 + .02 \times 0 = .50V)$

16. Emma Lee Bunton, Melanie Jayne Chisholm, Geraldine Helliwell, Melanine Janine Brown, and Victoria Adams form this all female musical group. They sing Naked, Mama, If U Can't Dance, and Love Thing. For ten points, name this musical group that is better known for the song Wannabe.

Spice Girls

17. This battle takes place on a long fertile plain northeast of Athens. This plain was connected to Athens by a main road. In this battle, Miltiades defeated Darius I. Thus, ending the first Persian expedition against the Greek mainland. FTP, name this battle which was 26 miles from Athens.

Marathon

18. After the appearance of this poet's first book of poems, Renaissance and Other Poems, she went to live in the Greenwich Village. For a time, she acted with the Provincetown Players who produced some of her plays which she had written in college, not bale Aria de Capo. FTP, name this poet who wrote Few Figs from Thistles, The Harp Weaver and Other Poems, and Conversation at Midnight.

Edna St Vincent _Millay_

19. In this opera, the spy Barnaba lusts after the title character who was a singer. The singer loves Enzo Grimaldo who in turn loves Laura. Laura loves Enzo but was obliged to marry Alvisé. Throughout the whole opera, Barnaba pursues the singer who pursues Enzo. Enzo ends up with Laura and

the singer stabs herself so that she would not have to marry Barnaba. FTP, name this opera by Ponchielli which is another name for the Mona Lisa.

La Gioconda

20. This psychologist was born in Brooklyn, New York. A professor at Brooklyn College and Brandeis University, he is regarded as the founder of humanistic psychology. He introduced self actualization and peak experience. He wrote "Motivation and Personality" in 1954. FTP, name this psychologist who is known for his need hierarchy.

Abraham _Maslow_

21. This actress was born in Summit, New Jersey. She made New York stage debut in the Deer Hunter in 1977. Since then she has been in The French Lieutenants Women, Silkwood, Cry in the Dark, and A River Runs Wild. FTP, name this actress who won an oscar for Kramer versus Kramer.

Meryl _Streep_

Round 4 by Khon Lien

Bonuses

1. Identify the philosopher from works for ten points each.

A)(10) Stages on Life's Way

Kierkegaard

B)(10) The Philosophy of Right

Hegel

C)(10) Philosophy of Civilization

Schweitzer

2. Identify the following principles of Physics for ten points each.

A)(10) The buoyant force exerted on a body partly or completely immersed in a fluid is equal to the weight of the fluid displaced by the body.

Archimedes Principle

B)(10) The quantity of pressure plus one half the density times the velocity of the fluid squared plus the density times gravity times the height of the fluid is equal to a constant.

Bernoulli's Principle

C)(10) The pressure is the same at two places at the same depth in a fluid.

Pascal's Principle

3. Answer the following questions about Don Quixote for the stated amount of points.

A)(5) For five, who wrote this novel?

Cervantes

B)(10) For ten, what is Don Quixote's real name?

Alonso Quijano

C)(5) For five, what is the name of Don Quixote's horse?

Rosinante

D)(10) For ten, what is the name of Sancho Panzas ass (donkey, not butt)?

Dapple

4. Answer the following questions about the Crimean War for five points each and a five point bonus if all are correct.

A)(5) What year did it begin?

1854

B)(5) What year did it end?

1856

C)(5) What treaty ended this war?

Paris

D)(5) What Tennyson poem is about this war?

Charge of the Light Brigade

E)(5) What Tolstoy work is about this war?

Sevastopol Sketches

5. Answer the following questions about Saturday Night Live animated skits for the stated amount of points.

A)(10) For five points each, name the two Ambiguously Gay Duos?

Ace and Gary

B)(10) Who does the animated segments on SNL?

Robert Smigel

C)(10) What x-president saved the world from an alien invasion, after the others have failed?

Nixon

6. Mike Mussina is standing 50 meters from Chris Hoiles. Mike throws the ball 100 meters per second at Chris. Answer the following questions about this problem for ten points each. The ball weighs .1 kg

A)(10) How long does it take the ball to get to get to Chris?

0.50 sec ($T=d/v$)

B)(10) What is the acceleration of the ball in this time span?

~~_200 m/sec²_ ($A = V/T$)~~

Wrong, per physics majors.

K. W. Willett

C)(10) What is the Kentic Energy of the ball?

500 Joules ($KE = 1/2 MV^2$)

7. Given characters from a Canterbury Tale tell which tale they come from for ten points each?

A)(10) Alison, John, Absolon, Nicholas

Millers Tale

B)(10) Chauntercleer, Pertelote, Don Russell

Nuns Preist Tale

C)(10) Palamon, Arcite, Emily, Hippolyta

Knights Tale

8. Place these books of the Old Testament in the correct order that they appear in the Bible for five points and a five point bonus if all are correct.

Habakkuk, Joel, Hosea, Nehemiah, Isaiah

Answer: _Isaiah, Hosea, Joel, Habakkuk, Nehemiah_

9. Identify these historical groups for the states amount of points.

A)(5) For five, what were the followers of John Wycliff called?

Lollards

B)(10) For ten, what were the opponents of labor saving machinery called during the 19th century?

Luddites

C)(5) For five, what were the French Protestants called during the religious wars of the 16th and 17th centuries?

Huguenots

D)(10) For ten, what were the northerners who went south to take part in reconstruction governments called?

Carpetbaggers

10. Identify which system the following organs belong for ten points each.

A)(10) Pyramid

Excretory

B)(10) Bundle of His

Circulatory

C)(10) Corpus Cavernosum

Reproductive

11. 30-20-10, Name the artist from works

(30) "The Four Rivers Fountain"

(20) "Apollo and Daphne"

(10) "Ecstasy of St. Theresa"

Bernini

12. Answer the following questions about Washington Irving for ten points each.

A)(10) What work did the fictional character Deidrich Knickerbocker write?

A History of New York from the Beginning of the World to the End of the Dutch Dynasty

B)(10) Who masqueraded as the headless horsemen in The Legend of Sleepy Hollow?

Brom Bones

C)(10) What collection of stories is The Legend of Sleepy Hollow in?

The Sketchbook of Geoffrey Crayon

13. Answer the following questions about the Hindu mythology for the stated amount of points.

A)(5) For five, which god is the creator?

Brahma

B)(5) For five, which god is the maintainer?

Vishnu

C)(5) For five, which god is the destroyer?

Shiva

D)(15) For fifteen, which god was Lord of the World and has his temple at Puri in Orissa. He is usually pictured with a hideous face, painted black with a distended bloodened mouth.

Juggernaut

14. 30-20-10 name the Musician from works

(30) "Aleko"

(20) the symphony, "The Isle of the Dead"

(10) "Rhapsody on a Theme of Paganini"

Rachmaninov

15. Identify the following tribes from a real or fictional member of the tribe for five points each and a five point bonus if all are correct.

A)(5) Tecumseh

Shawnee

B)(5) Chief Joseph

_Nez

Perce_

C)(5) Sitting Bull

Sioux

D)(5) Maguo

Huron

E)(5) Chingachgook

Mohican

16. Given a star, name in which constellation is the star located for five points each and a five point bonus if all are correct.

A)(5) Sirius

Canis Major

B)(5) Rigel

Orion

C)(5) Deneb

Cygnus

D)(5) Antares

Scorpius

E)(5) Aldeberon

Taurus

17. Answer the following questions about John Dos Passos's works for the stated amount of points.

A)(10) For ten points, name all three of the USA trilogy.

The 42nd Parallel, 1919, The Big Money

B)(5) For five, what was name of his second trilogy, about the Spottswood family?

District of Columbia

C)(15) For five points each, name the three parts of the District of Columbia Trilogy?

Adventures of a Young Man

Number One

The Grand Design

18. Given a school, identify the ^{league} ~~division~~ that it belongs to for five points each and a five points bonus if all are correct.

- | | |
|------------------|------------------|
| A)(5) Lafayette | _Patriot_ |
| B)(5) Furman | _Southern_ |
| C)(5) Cincinnati | _Conference USA_ |
| D)(5) Air Force | _WAC_ |
| E)(5) Lamar | _Sunbelt_ |

19. Identify the country from a description of its flag for ten points each.

A)(10) Has picture of its country on its flag.

Cyprus

B)(10) White and Red vertical bars that has a little cross in the left hand corner.

Malta

C)(10) A Hand holding a torch on a green background.

Zaire

20. Place these events of Napoleons life in chronological order from earliest to latest for five points each and a five point bonus if all are correct.

Napoleon marries Marie Louise
Defeat of Kutuzov at Borodino
Battle of Waterloo
French Fleet crushed at Trafalgar
Battle of Leipzig

Answer: _Trafalgar, Marie Louise, Borodino, Leipzig, Waterloo_

21. Given a work, name the painters for the stated amount of points.

A)(5) The Potatoeater
Van Gogh

B)(5) The Peasant Wedding
Pieter Breugel the Elder

C)(10) Grace before Meat
Steen

D)(10) The Peasants Meal
Le Nain

22. 30-20-10 name the poet from clues

- (30) wrote the Harvest Poems and Honey and Salt
- (20) Abraham Lincoln: The War Years won him a Pulitzer
- (10) Known for his Chicago Poems

Sandburg
