Answer: 1800

4. It's time for an almanac bonus! Identify the following physical constants for 5 pts each:

1. 5.29×10^{-11} meters

Answer: Bohr radius (or atomic unit)

2. 96,485 Coulombs per mole

Answer: Faraday constant

3. 6.626×10^{-34} Joule-seconds

Answer: Planck constant

4. 8.31 Joules per mole-Kelvin

Answer: Molar gas constant (or ideal gas constant)

5. 2.99×10^8 meters per second

Answer: Speed of light

6. 6.67×10^{-11} meters cubed per kilogram-second squared

Answer: Gravitational constant

5. Identify the following about everyone's favorite Indian epic, the Mahabharata:

1. For 5 points each, the Mahabharata tells that story of the feud between what 2 families:

Answer: the Pandavas and the Kauravas

2. For 10 points, who was the Pandava who wins the hand of the lovely Draupadi in an open contest and brings her home as the wife of the five Pandava brothers?

Answer: Arjuna

3. For another 10 points, who was the eldest of the Pandavas, the only person to complete the journey to Mount Meru?

Answer: Yudhishtira

6. Identify the following artificial satellites all launched after Sputnik I for 10 pts each:

1. Launched in 1962, it was the first satellite to relay television between the United States and Europe.

Answer: Telstar I

2. Launched in 1958, this was the first satellite launched by the U.S., it discovered the Van Allen radiation belt.

Answer: Explorer I

3. Launched in 1960, it was the first US weather satellite

Answer: Tiros I

7. Identify these islands you would hear in the Animaniac's Island Song on a 10-5 basis:

1st 10 - Discovered by Abel Tasman and visited by Capt. James Cook, this independent republic is comprised of about 320 islands and is a member of the Commonwealth

1st 5 - Its largest islands are Viti Levu, the site of its capital Suva, and Vnua Vanua Levu.

Answer: Fiji

2nd 10 - French and Malagasay are the official languages in this country whose population is comprised of Merinas and coitiers. Other cities include Toamasina and Toliara.

2nd 5 - It is separated from the African mainland by the Mozambique channel and is the world's fourth largest island

Answer: Madagascar

3rd 10 - One of the world's most densely populated regions, its highest point is Mt. Semeru. The Solo and Brantas rivers drain the fertile tropical plain along the northern coast.

3rd 5 - It accommodates nearly two-thirds of the population of Indonesia, along with its capital.

Answer: Java

8. Answer these questions about baseball's World Series for ten points each.

1. Last year was the second year that no World Series was played since it began in 1903. FTP name the first year the Fall Classic was not held, because New York Giants manager John J. McGraw would not play what he called an "inferior" team, even though the Boston Red Sox were the defending World Champs.

Answer: 1904

2. His 18 home runs, 40 runs batted in, and 42 runs scored are all career World Series records. FTP, name this switch-hitting center fielder

Answer: Mickey Mantle

3. This team went 77 years before winning their first World Series in 1980. FTP, name this National League club who was led by Pete Rose and recent Hall of Famer Mike Schmidt.

Answer: Philadelphia Phillies (accept any part of answer)
