## *The Belles' Bowl*

### Toss Up Round, Round One

1. Her name is found on an Australian Rules Football team in Darwin, suburbs of Sydney and Adelaide, the stadium for Southampton Football Club, a parish in Jamaica, one of the Isles of Scilly, an international school in Japan, as well as cathedrals in Australia, New Zealand, and Canada, and according to the Gospel of James, her parents are Joachim and Anna. The only woman directly named in the Koran, she is referred to as Theotokos. FTP, name this mother of Jesus, the namesake of this tournament's host school. [Saint **Mary**, the Blessed Virgin]
2. "I was sorry to have my name mentioned as one of the great authors, because they have a sad habit of dying off. Chaucer is dead, so is Milton, so is Shakespeare, and I'm not feeling very well myself." So said this man, who acknowledged "we owe a great debt to Adam...he brought death into the world," and who once informed a newspaper that rumors of his death had been "greatly exaggerated." His writings encompassed far broader topics than death, and his breadth of knowledge and scope helped turn him into one of the greats of American letters. FTP, name this author of *Innocents Abroad*, *Roughing It*, *Pudd'nhead Wilson*, and *Adventures of Huckleberry Finn*. [Mark **Twain** or Samuel Langhorne **Clemens**]
3. Acquired through the respiratory system and then carried by the bloodstream to all parts of the body, its initial symptoms include fever, headache, and loss of appetite, although these symptoms do not appear until two weeks after exposure. It is especially dangerous for those with suppressed immune systems, or for adults who contract it, but this highly contagious virus is most common among children. Name this malady, recognized by an itchy rash of small blisters which break and scab over, caused by herpes zoster and officially known as vericella. [**Chicken pox** (accept vericella is given before being named in the question)]
4. Eugene Cernan, Harrison Schmitt, Charles Duke, John Young, James Irwin, Edgar Mitchell, Charles Conrad, Alan Bean, David Scott, Alan Shepard, Edwin Aldrin, and Neil Armstrong are, FTP, the twelve men to have accomplished what feat? [**walking on the moon** (accept equivalents)]
5. Max Greevey and Mike Logan are partners until Max is gunned down and replaced by Phil Cerretta, who is also shot. For three years, Mike teams with Lenny Briscoe, until Mike is banished for hitting a city councilman, so Rey Curtis joins for four years. Rey departs, so Ed Green transfers from gangs to join Lenny, who finally retires and is replaced by Chicago-native Joe Fontana. Nick Falco temporarily replaces Ed while he recovers from an attack, but Ed and Joe are back together now, serving Lt. Van Buren, who herself replaced Capt. Cragen, and who have worked with over a dozen Assistant District Attorneys and three District Attorneys. These cops populate the first half of, FTP, what Dick Wolf show, a fifteen-year hit for NBC which has had multiple spin-offs? [**Law & Order**]
6. "Entities ought not to be multiplied, except from necessity." Explanations of unknown phenomena should be sought first in terms of known quantities, or the simplest of competing theories should be preferred to the more complex options. Name this principle, named for a Franciscan scholastic philosopher, which states,

- when facing a series of possible explanations, one should always choose the simplest, no matter how strange it might seem. [**Occam's Razor**]
7. A native of Stockholm, she became a US citizen in 1951. MGM marketed *Anna Christie* as a chance to hear her talk, and *Ninotchka* (/Nee-notch-kuh/) as a chance to hear her laugh. However, just two years after that comedy, she retreated from Hollywood to spend the final 39 years of her life in retirement. FTP, name her. [Greta **Garbo**]
  8. They occur naturally in pipes of kimberlite, notably in Tanzania, South Africa, and Arkansas. They are colorless cubic crystals that do not conduct electricity but are excellent conductors of heat. FTP, what are these gems formed by an allotrope of carbon, the hardest naturally occurring items? [**Diamonds**]
  9. He first appeared in *All-American Story* magazine in 1912, years before Disney had a go. With a name that means "white skin" in "Anthropoid," his literary appearances in 25 novels reveal an articulate lord raised in the wild, while his countless movie appearances tend to depict him as a mono-syllabic hero of the jungle. FTP, name this hero of Edgar Rice Burroughs fame. [**Tarzan**]
  10. His daughter Adela was a patron of the arts, and his son Henry I was married successively to two queens who generously supported poets. His first wife, Matilda, also was especially partial to foreign poets and bards. This is despite the fact that he was only semi-literate in French and completely unable to speak with his own subjects. FTP, name this monarch, who shed his appellation "The Bastard" when he managed his victory over Harold. [**William the Conqueror** or **William I**]

*The Belles' Bowl*  
Bonus Round, Round One

1. For ten points each, give the following terms from chemistry.
  - 10: What is the term for varying forms of an element with different atomic weights? [**Isotopes**]
  - 10: What is the term for different forms of the same element? [**Allotropes**]
  - 10: What term describes the property of a material which allows it be drawn into a wire? [**Ductility**]
2. Given a composition about America, name its composer/writer.
  - 5: "Stars and Stripes Forever" [John Philip **Sousa**]
