Amritsar

d) Lamaism  
Lhasa

e) Islam  
Medina or Mecca

20) Most of us think of alcohol as a drug or social lubricant. To us, it comes in forms like beer and wine. To a chemist, alcohol comes in many variants. I'll give you the chemical formula, and you provide the common name of these alcohols, for five points each.

a)  $\text{CH}_3\text{OH}$   
Methyl

b)  $\text{C}_2\text{H}_7\text{OH}$   
Propyl

c)  $\text{C}_5\text{H}_{11}\text{OH}$   
Amyl

d)  $\text{C}_4\text{H}_9\text{OH}$   
Butyl

e)  $\text{C}_2\text{H}_5\text{OH}$   
Ethyl

21) Here's a quick geography question. For 10 points apiece, name the three states through which the Canadian River flows.

Texas, New Mexico and Oklahoma

23) ~~Cancer can be a killer. For 3 points each, name the four most deadly forms of cancer (1988)~~

~~Lung, Colon/Rectal, Breast, Prostate~~

23) If I said Poodle, Schnauzer and Boxer, you would know that the category was dogs. For ten points each, I will name four members of a category, and you name the category.

a) American Landrace, Chesterwhite, Duroc and Poland China are all types of what kind of animal?

Hogs

b) The Albert, Sabine-Neches, Welland and Soo are all examples of what structure?

Canals

24) If you had a true love, you might want to give them birthday jewelry featuring their birthstone. For five points each, I'll name the month, and you name the birthstone.

a) January

Garnet

b) May

Emerald

c) June

Pearl or Alexandrite

d) November

Topaz

e) August

Sardonyx or Peridot

g) April

Diamond

25) I will give you three clues describing a country. For thirty points name the country after the first clue, for 20 points after the second clue and after the third clue for 10 points.

a) It's name comes from an ancient word meaning plain or field.

b) Its one house legislature is called the Sejm (Saim).

c) It is a member of the Warsaw Pact.

Poland
