

191

ROUND 2

✓93

New York University

TOSSUPS

1. First isolated in 1844 by Heinrich Emmanuel Merck of Darmstadt, commercial production of it began in 1862. However, little attention was paid to the substance until 1883 when the German Army physician Dr. Theodor Aschendorff bought a supply from Merck and issued it to Bavarian soldiers on maneuvers. FTP name this substance whose first illustrious user, Sigmund Freud, described it as "the most gorgeous excitement" after an injection of it?

A: Cocaine

2. Ten points are yours if you can name the French rococo painter whose masterpieces The Swing (1766) and Fete at St. Cloud (1775) convey the atmosphere of erotic playfulness and gaiety cultivated at the court of Louis XV?

A: Jean-Honoré Fragonard

3. Harpo? Of course he was one of the Marx Brothers. But Harpo Productions is also the name of a production company owned by a famous talk show host. Spell the first name backwards and Harpo is what you'll get. FTP what is the full name this Chicago based hostess/actress?

A: Oprah Winfrey

if "Oprah" or "Winfrey" given, ask for more info

4. When this novel was first published in New York in 1903, Chapter 29 was accidentally printed ahead of chapter 28. No one including the author, noted the mistake. FTP name this Henry James novel about a man sent to Paris to retrieve his fiancée's son and whose 1955 and 1958 paperback editions contained the same mistake?

A: The Ambassadors

5. In business it can mean the establishment of a new entity. In law, it's the principle by which the Bill of Rights has been held applicable to the States. FTP, what's the term?

A: incorporation

6. Of the world's six inhabited continents, this one is fourth in total population but contains the largest number of Roman Catholics. FTP name it?

A: South America

7. This author sticks to the panteal activity of giving advice on correct behavior and etiquette in her books such as her Complete Guide to Executive Manners. Her brother's activities, however, were more on the rugged side as he is likely the only cabinet member ever killed in a rodeo accident. FTP what is the common last name of these siblings?

A: Baldrige (Letitia and Malcolm)
(Le-tice-ska)

8. In recent years the term perk has been used to mean fringe benefits or bonuses that accompany a job, such as a key to the executive washroom or a reserved parking space. The word is not used because these benefits have anything to do with perking up an employee's performance. FTP name the longer word commonly abbreviated as perk?

A: perquisite (per-kwi-sit)

9. Of pantheism, deism, theism and agnosticism, which represents the acceptance of the existence of God, not through revelation, but as a hypothesis required by reason?

A: deism

10. Florence Kling Dewolfe, known as the Duchess, was a cold, forbidding woman, and it was no secret that she and this President had a difficult marriage, and that he sought more congenial female companionship elsewhere. While on a goodwill tour, rumors sprang up that Florence had slipped him some poison when he died suddenly in San Francisco. FTP name this President who was said to have suffered mental collapses in his youth?

A: Warren G. Harding

11. L.A. Law. The Rockford Files, Hill Street Blues, Hooberman, Wiseguy and too many other shows ^{too numerous} to mention all have one thing in common, the composer of their whistleable theme songs. FTP name this composer and for your own satisfaction whistle a few bars from any of the aforementioned theme songs?

A: Mike Post

12. His 42 year tenure as poet laureate is an unparalleled record. A spokesman for the values of the Victorian age, he is still recognized today for his mastery of poetic technique, superb use of sensuous language and profundity of thought. FTP name this author of The Princess and In Memoriam?

A: Alfred Lord Tennyson

13. The first Monday of March is the observed birthday of an American revolutionary hero in Illinois. FTP name this soldier who was killed leading the attack on Savannah in 1779 after coming over from Poland where he fought against Russian domination of his native country before fighting on the American side in his adopted country?

A: Casimir Pulaski

Pull - ask - ee

14. In the Navy, it's a small object placed on the wardroom table to mark the place of the officer who is the first to be served. In the context of responsibility in government, we may recall, President Reagan's remark that it didn't stop with Admiral Poindexter, it stopped with him. FTP what's this word, originally popularized by President Truman?

A: buck

15. In 1942 he won his first. In 1946 his second and in 1959 came his third making him the only three time Oscar winner in the Best Director category. FTP name this master filmmaker of Mrs. Miniver, The Best Years of Our Lives and Ben-Hur?

A: William Wyler

OMIT 16. For a very quick ten points, what was the last American Football Conference team to win the Super Bowl, in 1994?

A: Los Angeles Raiders

16. Imported to Japan in the 1920's as a children game, its name is nonsensical, though onomatopoeic. It started to catch on after WWII and today is played by 30 million Japanese, generating 70 billion dollars in annual revenue. FTP name this parlor pastime, that became more popular after ball bearings were no longer as needed for the war effort?

A: Pachinko (pinball)

17. Born in Donora, Pennsylvania, this ball player won his league batting title seven times and was MVP three times during his 22 year career. Pete Rose broke his league record for career hits on his way to the major league record. FTP name this National League man?

A: Stan Musial

18. ~~20~~. Its roots can penetrate 50 feet into the ground in search of water. Its seed pods contain a sweet pulp used to make bread and its wood is used for fence posts. FTP name this spiny tree. Whose fibers are added to some brands of charcoal for flavor?

A: Mesquite

19, ~~20~~. Lake Clark, Wrangell-St. Elias, Kobuk Valley, Katmai and four others are among the eight National Parks, which is more than any other state contains. Of, for ~~what~~ ten points, which state?

A: Alaska

20, ~~20~~. In the late nineteenth century, a number of French artists used partitive mixing -- the blending together of small spots of color to achieve a certain effect -- in their works. FTP what name is given to this style of painting?

A: pointillism or pointillist

21, ~~20~~. The formula for it is the quantity M divided by C, multiplied by 100 where M is the mental age and C is the chronological age in years. FTP what indicator does this formula produce?

A: I.Q. or Intelligence quotient

22, ~~20~~. In 1966, a team of Oxford University scientists extracted a fertile egg from a female frog, removed the nucleus of the cell containing the genetic material, then replaced it with the nucleus of a body cell from a tadpole. The egg was then replaced in the frog and allowed to develop. The result was a tadpole identical to the donor tadpole and not at all genetically related to the female who provided the egg. FTP what term coined this discovery?

A: Clone or Cloning

23, ~~20~~. Erected by Queen Artemisia in memory of her husband who died in 353 B.C., it stood 1400 feet high. All that remains now are a few remnants of the structure which can be found in the British Museum as well as a word meaning an above-ground tomb. FTP name this fifth wonder of the ancient world?

A: Mausoleum at Halicarnassus

24, ~~20~~. It's a method of decorating fabric used for centuries in Indonesia. With melted wax, a design is applied to the cloth which is then dipped in cool vegetable dye. Areas covered by the wax do not receive the dye and display a light pattern against the colored background. FTP name this process.

A: batik

25, ~~20~~. Franconia, Swabia, Bavaria, Lombardy, Tuscany, Provence and the Papal States, were FTP, states of which kingdom?

A: Holy Roman Empire

BONUS

1-25 points

The name was first used by Samuel Johnson in 1744 for a group of 17th century poets which included John Donne, George Herbert, Henry Vaughan, Abraham Cowley, Richard Crashaw and Andrew Marvell. For 25 points, what name is given to these poets whose work is characterized by a certain type of conceit employing paradoxical images as well as wit, learned imagery and subtle argument?

5. Graceland (Paul Simon)

5-20 points

He's the funny looking guy on the Chance and Community Chest cards in Monopoly and the Pan Am Shuttle calls him the world's largest investor in real estate and transportation, no doubt a none too subtle jab at rival Donald Trump. For twenty points can you name this character?

A: Rich Uncle Pennybags

6-20 points

Given the name of the major league baseball team, you identify the site of its triple A minor league affiliate?

- | | |
|---------------------|----------------------|
| 1. New York Yankees | <u>Columbus, OH</u> |
| 2. Boston Red Sox | <u>Pawtucket, RI</u> |
| 3. Detroit Tigers | <u>Toledo, OH</u> |
| 4. Minnesota Twins | <u>Portland, OR</u> |

7-20 points

Before she was the first professional English female author, circumstances required her to earn her own living so she worked as a spy in Holland. Dangerous an unrewarding, spying at least provided her with her pseudonym Astrea which she adopted from her spy career. For twenty points name this woman playwright of The Rover in 1677 and the 1688 novel, Oroonoko, which was the first English philosophical novel.

A: Aphra Behn

8-25 points

While most National Parks are contained within the boundaries of one state, some spread across two or more states. I'll name 2 National Parks and you tell me in which states the Park is located. Five points for each state.

1. The 2 states that contain Great Smoky Mountains N.P.

A: North Carolina and Tennessee

2. The 3 states of Yellowstone N.P.

A: Idaho, Montana and Wyoming

9-25 points

Five points each will be yours if you can identify the person holding these cabinet ranks in this country's first administration:

- | | |
|------------------------------|------------------------------|
| 1. Secretary of State | A: Thomas <u>Jefferson</u> |
| 2. Secretary of the Treasury | A: Alexander <u>Hamilton</u> |
| 3. Secretary of War | A: Henry <u>Knox</u> |
| 4. Attorney General | A: Edmund <u>Randolph</u> |
| 5. Postmaster General | A: Samuel <u>Osgood</u> |

10-20 points

It's a large Roman building used to transact business and legal matters. Often rectangular, with a roofed hall, it usually had an interior colonnade and an apse at one or both ends. It was specifically designed so that light would enter through the clerestory windows. Later, Christians began building places of worship in similar form to that found in Europe such as the Church of the Nativity in Bethlehem. For twenty points name this architectural form of the massive Romanesque churches.

A: basilica

11-20 points

My copy of Eight Great Tragedies cries out to be used in a College Bowl bonus question. I'll name four plays that fit this category and you'll provide the authors.

1. On Baile's Strand
2. Hippolytus
3. Miss Julie
4. Ghosts

A: William Butler Yeats

A: Euripides

A: August Strindberg

A: Henrik Ibsen

12-30 points

30-20-10 Artist

1. Born in Montroig, Spain in 1919, he went to Paris where he helped establish the Surrealist movement in the 1920s.

2. He developed his characteristic style during the 1920's and 1930's portraying a world of fantasy in simple colors and abstract shapes.

3. Many of his paintings contain a story or scene disguised by the abstractness of the shapes and colors such as women and birds in the night.

A: Joan Miro
Jo-ahn mee-oh

13-20 points

The Wonderful World of Adam Smith. The Beautiful World of the Utopian Socialists. The Inexorable World of Karl Marx. The Savage World of Thorstein Veblen and The Sick World of John Maynard Keynes are all chapter titles in this 1953 work, a chronology of the lives, times and ideas of the great economic thinkers. For ten points name this book.

A: The Worldly Philosophers

And for an additional ten points name the author of The Worldly Philosophers.

A: Robert Heilbroner

14-20 points

Unfavorable winds halted the ships of her father Agamemnon on his way to fight the Trojans. To change the winds, the goddess Artemis demanded the sacrifice of his daughter. Forced to choose between his country and his child, he chose the latter and despite her mother's protestations, her throat was cut.

1. FTP name the daughter?

A: Iphigenia

2. FTP name the mother?

A: Clytemnestra

15-25 points

In last week's New York City mayoral election, there were no fewer than ten different parties represented on the ballot along with eight candidates. Each candidate's name was followed by an abbreviation of the party name. I'll give you the party abbreviation and you tell me the name. Sure D and R are simple, but how about:

1. L.T.N.

A: Libertarian Party

2. R.T.L.

A: Right to Life Party

3. S.W.F

A: Socialist Workers Party

4. C.

A: Conservative Party

For an additional 5 points who ran for the R, L and F parties?

A: Rudolph Giuliani

16-20 points

Israel has been a country in the news ever since it won its War of Independence in 1948. Since that time, it has been engaged in four more full-blown wars and numerous skirmishes along the way. For twenty points, 5 points for each war in the proper sequence, place these 4 wars in order.

Six Day War, War for Peace in the Galilee, Yom Kippur War, Sinai Campaign

A: Sinai Campaign, Six Day War, Yom Kippur War, Galilee
1956 1967 1973 1982
