

CHICAGO MAROON " TEAM

These toss-ups provided by Peter Freeman and Erin McKean.

- 1) The World Cup semi-final between England and West Germany was held in Turin, Italy, a decidedly bad place for the English team to end up. Turin was bad because their Italian League team is Juventus, and it was the fans of Juventus that were the main victims of a stampede in the 1985 European Champion's Cup Final, in Brussels, caused in large part by the fans of the English entry. Name this English city whose soccer fans have become synonymous with hooliganism.

ANSWER: Liverpool

- 2) When the actual temperature gradient in a star becomes more negative than the adiabatic temperature gradient, this method of energy transport becomes predominant. It is marked by macroscopic mass motions, and is the method of heat transport in a pot of boiling water. For ten points, name it.

ANSWER: Convection

- 3) Tabasco, Chihuahua, Puebla, Jalisco, Veracruz, Nuevo Leon, Oaxaca (Wa-ha-ca), Sonora, and Baja California Sur all share a common geographical distinction. For ten points, name it.

ANSWER: They are all states of Mexico

- 4) It is based upon the principles of simplicity, honesty, courage, and justice. It originated in or about the 12th Century A.D., but despite its age it has remained a potent force within the upper class of modern Japan. Name this traditional honor code of the samurai warrior.

ANSWER: Bushido

- 5) Frederick A.C. Muhlenberg was the first to hold this position. Champ Clark held it for the most years consecutively, while Henry Clay held the overall longevity record until it was usurped by Sam Rayburn. Name this position currently held by Washington's Tom Foley.

ANSWER: Speaker of the House of Representatives

- 6) Self-immolation is generally not an American's idea of a good time. But literally hundreds of students in India attempted suicide in this manner to call attention to their opposition to Prime Minister V. P. Singh's attempt at raising the percentage of government jobs reserved for the lower castes and the untouchables. For ten points, to within five percent, what is the new percentage?

ANSWER: 50 percent (accept 45-55)

- 7) The OAS Charter is signed in Bogota. The United States of Indonesia are established. Alger Hiss is indicted on perjury charges. Tojo and six others are sentenced to hang for Japanese war crimes. Communists take over in Czechoslovakia and the Berlin Airlift begins. For ten points, name the year.

A. 1948

~~ANSWER: 1948~~

- 8) "Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishments inflicted." For ten points, which amendment to the constitution did I just read?

ANSWER: 8th

- 9) The field was wide open in the race for governor. But it narrowed when Lieut. Gov. Evelyn Murphy failed in her attention-grabbing palace coup, leaving the race between two men, one of the establishment, and the other representing the outsiders. The rising tide of anti-incumbency in America helped the outsider over the top in the Democratic primary, despite his ability to insult all major ethnic and special interest groups. Name this winner of the Democratic primary in Massachusetts, the president of Boston University.

ANSWER: John Silber

- 10) Founded by Wertheimer, Koffka, and Kohler, this school of psychology held that when the brain receives stimuli from the outside, it adds on information to help in the interpretation. For instance, the same musical notes are perceived differently when played different ways, i.e. the whole is greater than the sum of its parts. For ten points, give the name of this school, based on the German word for "whole".

ANSWER: Gestalt Psychology

- 11) "...By warding off the Jews, I am fighting for the Lord's work." This quote, taken from Adolf Hitler's "Mein Kampf", mysteriously appeared on the eve of Yom Kippur on the masthead of this conservative weekly, or so the editor would have you believe. Name this campus vanguard of the Conservative movement, supported by wealthy Republicans nationwide.

ANSWER: "The Dartmouth Review"

- 12) The word's the same: the pseudonym of the lead character on the TV Western "Have Gun, Will Travel", and the title conferred upon each of the twelve most illustrious knights of Charlemagne. For ten points, give this word which incidentally rhymes with the name of a great Medieval leader of the Moslems, ~~infidels~~.

ANSWER: Paladin (rhymes with Saladin)

- 13) "The Red Army feared not its Long March trials, / Ten thousand crags and torrents but easy miles." So begins the poem "The Long March", written by its most famous survivor. For ten points, name this proponent of "The Great Leap Forward".

ANSWER: Mao Tse Tung or Mao Zedong

- 14) Just over a century ago, Robert Koch, a German bacteriologist, became the first person to implicate a specific microbe, a bacterium, as the cause of a specific disease. Name this disease of cattle and sheep, which shares its name with a hard-core heavy metal band of note.

Ans. Anthrax

ANSWER: Anthrax

1415) Their name originally was the same as their name now, with one difference- the word Easy was used in place of the word The. Their first single was recorded with Hansa Records of West Germany and is entitled "Do the Hansa". Their first album, not released in the U.S., is "Three Imaginary Boys". Since then, this group has put out eight normal albums, two albums of singles, and one recently released album of remixes. Their leader has also spent time in the band Siouxsie and the Banshees as a guitarist and has collaborated with Banshee Steve Severin in a group called The Glove. Name this leading band of the doom and gloom set, led by Robert Smith.

ANSWER: The Cure
