Ans: Renee BLONDLOT

5) Wow, not bad considering she never even saw her performance. For ten points, name the 11-year old best supporting actress winner for the Piano from Australia?

Ans : Anna PAQUIN

6) "Fuzzy Haired" was how the Dutch described the natives of this land who later incorporated this Dutch nickname into the name of the nation. For ten points, name this country which shares an island with a part of Indonesia.

Ans : PAPUA NEW GUINEA

Prompt if just PAPUA is given but not NEW GUINEA

7) This man was a legislator and educational reformer of 19th century Massachusetts. FTP, name this man often called the father of the American public school.

Ans : Horace MANN

8) "Entangling Alliances with none" was the isolationist foreign policy advocated in the inauguration speech of this president. FTP, name the Virginian who spoke these words in 1801.

Ans : Thomas JEFFERSON

9) He developed the process by which sugar is refined and invented the double-effect evaporator, a standard of industrial plants today. For ten points name this African-American from Louisiana who was rejected by the U.S. and spent most of his life living in Europe.

Ans: Norbert RILLIEUX

10) The south won the battle but lost one of its greatest leaders. FTP, name this 1863 battle in Virginia where Gen. Stonewall Jackson was fatally injured by his own men.

Ans : CHANCELLORSVILLE

11) This five syllable word refers to a system of inheritance where land passes exclusively to the oldest son. FTP, name this word which is derived from the Latin for "first begetting."

Ans : PRIMOGENITURE

12) This device spawned perhaps the first ever Internet wide uproar. That's ok though because recently the designers have discovered that the device can be fooled. For ten points give the nickname of this chip that the U.S. government is trying to have installed in all communication devices to allow the government to decode their transmissions.

Ans : CLIPPER chip

13) Time magazine called this President's cabinet "12 grey-haired guys named George" because the men were so uniformly bland. FTP, name this president.

Ans : Richard NIXON

14) The title of Joyce Carol Oates' novel "Because it is Bitter, and Because it is my Heart" comes from a poem by a writer from the late 1800's who is much better known for his novels and short stories than his poetry. For ten points, name this author whose poetic works include "War is Kind" and "Black Riders."

Ans : Stephen CRANE

15) A record label, an obscure speech or writing, a World War II German code machine, and a musical group whose hits include "Return to Innocence" and "Sadness Part I" all share a name. For ten points, what is this six letter word?

Ans: ENIGMA

16) The Clipper, the Stratoliner, the Dash-Eighty, and the 247 were all built by one company. For ten points, name this world's largest manufacturer of commercial aircraft, whose most recent model, the 777, recently made its first flight.

Ans: BOEING

17) A rabbi's son, born April 18, 1902 in Nickoslov, Ukraine, he took the unusual step of studying engineering at the University of Berlin and the Sorbonne. However, he never became an engineer -- instead he led one of the world's most influential Hasidic sects. For ten points, name this recently deceased Rebbe of the Lubavitcher Hasidim.

Ans : Menachem SCHNEERSON

18) Will it ever stop? Despite repeated announcements that his drive to claim a place in the Guinness Book of World Records has been met, the cards keep coming! For ten points, name this now fourteen year old English boy, whose brain tumor was removed in 1991 after receiving more than 33 million get well cards.

Ans : Craig SHERGOLD

19) He was the first black police chief of Houston before he moved on to New York. For a quick ten points, name this man who now serves as the Drug Czar in the Clinton Administration.

Ans : Lee BROWN

20) Ask any mathematician and he will probably know his number. The number he will know is his mathematical link to one of the greatest mathematicians of the 20th century. Those who have written papers with this man have a number of 1, and those who have written papers with them have a number of 2, and so on. For ten points name this Hungarian mathematician who offers cash prizes for solving any of the thousands of conjectures he has proposed.

Ans : Paul ERDOS (AIR - dush)

21) "Under the same conditions of temperature and pressure, equal volumes of gases contain the same number of molecules." FTP, this hypothesis is named after which Italian physicist, for whom the number was named?

Ans : Amadeo AVOGADRO

22) This Jewish holiday is designed to celebrate the events of the Book of Esther. On this day the Book of Esther is read in the Synagogue and Jews are commanded to get so drunk they cannot tell the difference between the names Haman and Mordecai, the hero and villain respectively. For ten points, name this early spring holiday.

Ans : PURIM

23) This city was its nations capital from 1320-1609. Today it is a tourist destination for those travelling to see Auschwitz and is famous for its Salt mines and open air markets as well. For ten points name this city in southwest Poland.

Ans : KRAKOW

24) He will take his CBA team of recovering drug addicts with him when he goes. FTP, name this reformed drug addict who will become coach and general manager of the Philadelphia 76ers next season.

Ans : John LUCAS
