1. When asked in 1961 why he stopped seeing his psychoanalyst he replied, "He was meddling too much in my personal life." For ten points, name this author of Summer and Smoke who won the Pulitzer Prize for drama in 1948 and 1955.

Tennessee Williams
2. Lyman was a leading Presbyterian minister noted for his fiery sermons on temperance. His eldest daughter Catherine became an early supporter of women's education who organized two women's seminaries. Catherine's sister Harriet wrote the best-selling book of 1851. FTP, give the family name

Beecher (do not accept Beecher-Stowe or Stowe)
3. This city was a center for serious music for over 150 years. Berg, Webern, Schoenberg, Haydn, Mozart, and Beethoven all for some time called this city home. FTP, name this European capitol.

Vienna
4. Approval for its $\$ 2$ billion annual allocation passed the House by just one vote in 1993. After the successful repair of the Hubble telescope, its chances for renewal seemed more secure. But recent plans to cooperate with the Russians may cost the vital support of California Representative George Brown, chair of the Science, Space, and Technology committee. FTP, name this ambitious project
space station Freedom
5. While the moldboard plow was better-suited to the heavy European soils than the scratch plow, it was much more cumbersome. The plow required a team of eight oxen to pull, which made it difficult to turn. English farmers switched from planting square fields to planting in narrow strips, about $1 / 8$ of a mile long. From this practice comes the name of a unit of measurement, standardized at 220 yards. FTP name the unit.
furlong
6. Joe Trace and his wife Violet leave Vesper County Virginia for the allure of 1920's Harlem. There Joe falls passionately in love with 18 -year old Dorcas. His passion turns to violence, and Joe kills Dorcas. When Violet discovers the affair, she attacks Dorcas's corpse. All this takes place, FTP, in what most recent novel by Toni Morrison?

Jazz
7. When Woodrow Wilson announced his 14 Points, this man was unimpressed, remarking "Even God Almighty only has ten." FTP, name this French statesman, known as "The Tiger," who served twice as prime minister.

## Georges Clemenceau

8. Located on 14th Street in Washington, D.C., between Constitution avenue and E St., this federal department was created by the Elkins Act in 1903. FTP, name this cabinet department, whose leaders have included Luther Hodges, Malcolm Baldridge, and Robert Mosbacher.

## Commerce

9. Although they finished the year with a 12-0 record, they were ineligible for the national championship in the USA today coaches poll because of NCAA violations. FTP, name this football team which finished in the top 5 in the AP poll.

Auburn
10. Subtitled "A Practical Guide to Improving Communication and Getting What you Want in your Relationships," its author has toured the talk show circuit, promoting his book and reaching number 10 on the best-seller list. FTP, name this book by John Gray whose title pinpoints the problems between the sexes.

Men are from Mars, Women are from Venus
11. This country is home of the largest man-made lake, created by the Owen Falls dam. FTP name this country which established independence from Britain in 1962, bordered on the north by the Sudan and the west by Zaire.

Uganda
12. When George Bush's bust was added to those of other vice-presidents in the US capitol, Matthew Scully noticed that someone was missing and began a campaign in the National Review to get a new bust installed to correct the omission. FTP, name the former governor of Maryland elected vice president in 1969.

## Spiro Agnew

13. Born in Augusta, Georgia in 1930, he designed store windows in New York City before his first one-man show in 1958. He collaborated on projects for the Merce Cunningham Dance Company with John Cage, but is best known for his painting. His subjects usually include common two-dimensional figures such as numbers, letters of the alphabet, maps, targets, and most notably flags. FTP name this Pop artist.

Jasper Johns
14. When he noticed some of his congregation sleeping during his sermon he yelled "Fire! Fire!" The sleepers awoke and leaped to their feet. "Where?" they asked. He replied "In hell, for those who sleep under the preaching of the word." FTP name this preacher whose followers formed the Methodist church after his death.

## John Wesley

15. Arabic for "beacon", the oldest-known example is at Al-Qayran in Tunisia. Five times a day a muezzin, or crier, ascends this tower to call the faithful to prayer. FTP name this mosque feature often topped with a cone or a bulbous dome.

## minaret

16. He bragged about killing a man with his own hands during the Spanish-American war, yet his role in negotiating peace between Russia and Japan earned him the Nobel Prize in 1906. FTP, name this New Yorker.

## Theodore Roosevelt

17. When the 1880 census took over six years to tabulate, the Census Bureau hired this man to find a faster calculation method. He designed punched cards that could be sorted automatically and cut the tabulation time for the 1890 census to six months. FTP, name this man who went on to found the Tabulating machine company in 1896, which incorporated as IBM in 1924

## Herman Hollerith

18. The Advocate named her woman of the year in 1993. This honor arose from her May confirmation to serve as assistant secretary of fair housing and equal opportunity. FTP, name this woman whom Senator Jesse Helms called "a damned lesbian."

## Roberta Achtenberg

Vladimir Zhirinovsky

20. In high school he played football with Rob Lowe, Charlie Sheen, and Sean Penn. He turned down 17 football scholarships to attend Princeton where he set an NCAA IAA record for most interceptions in a season. His football career ended with a knee injury before his first pre-season game with the Buffalo Bills. He returned to California and pursued acting. His first big break came as Brenda's love interest in Paris on Beverly Hills 90210. FTP, name this super man who stars on Lois and Clark.

## Dean Cain

21. One hundred years after he completed it, an anonymous bidder paid $\$ 28.6$ million for Still Life with Apples, making it the most expensive art purchase of 1993. FTP, name this Frenchman who also painted The Bather and Card Players.

## Paul Cezanne

22. Saacheri attempted unsuccessfully to prove this by examining a quadrilateral whose angle sum was greater than 360 degrees. Although Bolyai may have been the first to reach the conclusion that it was not necessary for a logically consistent geometry, Nikolai Lobachevski was the first to publish this result in 1829. FTP, name the postulate that states that exactly one line parallel to a given line may be constructed through a given point.

Euclid's 5th Postulate or the Parallel Postulate
23. Scholars now believe he poisoned himself with impure water, not arsenic in 1891 when a Russian nobleman discovered the composer's affair with his nephew. FTP, name this composer of Symphonie Pathetique.

Peter Ilytch Tchaikovsky
24. "Pile the bodies high at Austerlitz and Waterloo/ Shovel them under and let me work- / I am the grass; I cover all." FTP, name the author of these lines.

## Carl Sandburg

25. The name sounds the same. The husband of Ruth and the first professor of anthropology at Columbia University who taught Margaret Mead. FTP, give the common name.

Boaz (Franz Boas)
26. This disease afflicts 25 million Americans, most of them women, and has no early detection signs. However, researchers recently reported in Nature magazine the discovery of two forms of a gene which directs construction of receptors for vitamin D. Since the receptors play a crucial role in bone formation, the researchers are hoping to develop a genetic test, FTP, for which disease?
osteoporosis.
27. John Caponera and Eve Gordon are not yet household names. The Tuesday night series in which they star has fared poorly against Full House. NBC hoped to draw new viewers by running the show after the highest-rated program of the season. FTP, name the sitcom that followed the Super bowl.

## The Good Life

28. As an attorney in the Department of Justice she met and befriended Robert Kennedy. JFK appointed her co-chair of the National Women's Committee for Civil Rights in 1963. She served as dean of the Howard Law School and in 1977 became secretary of Housing and Urban Development. FTP, name this first Black woman in the Cabinet.

## Patricia Harris

29. Juan Peron comes to power in Argentina. The bikini bathing suit debuts in Paris only four days after atomic testing in the Bikini Atoll. France organizes the fourth republic, and It's A Wonderful Life appears in American theaters. FTP, name the common year.

1946
30. To make one cup, combine 2 tablespoons red wine vinegar, $11 / 2$ teaspoons of chopped green onion, $11 / 2$ teaspoons of tarragon, and $1 / 8$ teaspoon of cracked bell pepper in a double-boiler top, . Place the mixture over a double-boiler bottom containing hot water. Add four egg yolks and beat constantly until slightly thickened. Last add $3 / 4$ cup butter and 1 tablespoon chopped parsley. FTP, this is the recipe for what sauce, served with broiled beef steak or poached or baked fish?

Béarnaise

# Elvis Aron Presley Memorial (?) Tournament 

Semifinal Round- by olaf glad and big BONII

1. Elves Bonus (25). As this is the Elves Memorial tournament, it is fitting that the first bonus be all about Elves.
(A) For 5 points, name the elf that wanted to be a dentist in Rudolf the Red-Nosed Reindeer.

Herman (or Hermie)
(B) For 10 points, name the author of The Elf Oueen of Shannara Terry Brooks
(C) For 15 points, name the elf queen in The Fellowship of the Ring who aids Frodo and his companions on the quest to destroy the one ring.

Galadriel
2. Elvis Bonus (25). And now a question about the tournament's true patron saint, Elvis. Based on Elvis's alleged confession to a hairdresser that he was the Messiah, A. J. Jacobs juxtaposed quotes from King James with quotes from the king. For example: "Jesus said, 'If any man thirst let him come unto me.' Elvis said 'Drinks on me.' " For 25 points, name this 1994 book.

## The Two Kings

3 Public Radio Bonus (25). If you are looking for reporters who avoid coverage of Lorena Bobbit, Michael Jackson, and Elvis sightings, you may turn to public radio. Given the host or hosts of a show on NPR or APR, name the nationally-distributed program. Five points for each correct answer.
(A) Terry Gross
(B) Ray Suarez
(C) Tom and Ray Magliozzi
(D) Michael Feldman
(E) Noah Adams

Fresh Air
Talk of the Nation
Car Talk Whaddya Know?
All Things Considered
4. Name the scientist $30,20,10$.

30: Lord Kelvin first brought his work to public attention in 1848, 16 years after his death.
20: He published Reflections on the Motive Power of Fire in 1824.
10: He demonstrated that the maximum efficiency of an engine is related only to the highest and lowest temperatures within the engine and is considered the father of thermodynamics.

## Nicholas Carnot

5. Married to the Ratings bonus (30). TV shows often use wedding episodes to boost their ratings. Given one character and the year of his or her TV marriage, give the character's better half. ( 5 points each)
(A) Kelly Gaines, 1992
(B) Agent 86, 1968
(C) Krystle Grant, 1983
(D) Spoon-Lee, 1983
(E) Emily Haywood, 1986
(F) Sandra Sue Abbott (Abbie), 1977
6. Literature (30). The Nobel Prize for Literature has been awarded 10 times to authors who wrote only in Spanish. Given one of these authors, give their country of origin. (5 points each)

7. Odd Bonus (25). You have reached the semifinals, so all else being equal, your odds of winning this year's Elvis are 1 in 4 . Note the following less likely events:
a civil case will go to trial, an applicant will be admitted to Harvard, a plane will leave O'Hare at the scheduled time, the Playboy playmate will be AfricanAmerican, an immigrant will be legally admitted to the US. Now rate them from most likely to least likely. (5 points for each correctly placed)
a plane will leave O'Hare at the scheduled time (6 in 25) an applicant will be admitted to Harvard (1 in 7)
a civil case will go to trial (1 in 23)
an immigrant will be legally admitted to the US (1 in 27)
the Playboy playmate will be African-American (1 in 32)
8. History (30). Who died and made you king? Given a British monarch, name his royal predecessor. (10 points each)
(A) George V
(B) Richard III
(C) Richard the Lionhearted

Edward VII
Edward V
Henry II
9. Music (25). Women have made a lot of progress in pop music since the days that Elvis was king. Given a recent release by a female artist or group, name the group or artist. (5 points each)
(A) My Sister Julianna Hatfield 3
(B) Eat the Music Kate Bush
(C) Human Behavior Bjork
(D) Galileo
(E) Bohemia

Indigo Girls
May Moore
10. Current Events (25). When Lawrence Walsh finished his investigation of the Iran-Contra affair, many Americans wondered, "Was it worth it?" For 5 points each, answer the following questions about the investigation.
(A) How many years did the investigation take?
(B) How many indictments did it produce?
(C) How many convictions resulted? 11
(D) How many convictions were overturned on appeal? 2
(E) To the nearest million dollars, how much did it cost?
$\$ 40$ million
11. Internet Bonus (25). Show you won't get lost on the information highway by deciphering these acronyms associated with computer networks.
(A) GIF (10 points) graphics interchange format
(B) BITNET (15 points)

Because It's Time Network
12. Name the Englishman: 30, 20, 10.

30: In 1598 he became secretary to Sir Thomas Egerton, Keeper of the Great Seal. He lost his job after his clandestine marriage to his boss's niece was discovered.
20: He served as dean of St. Paul's from 1621-1631.
10: All his poems were published posthumously, including the collection Holy Sonnets

John Donne
13. Neologisms (25). Note the following words and phrases: proactive, HIV, infomercial, California black tie, and air guitar. Elvis has never used any of these phrases, since they all appeared in the 1980's, after Elvis's supposed death. Place them in order from oldest to most recent (5 points for each in correct position).
infomercial (1981), air guitar (1982), proactive (1984), HIV (1986), California black tie (1989)
14. Name the city $30,20,10,5$

30: Kwame Nkrumah hosted the All-African People's Congress here in 1958.

20: It is the world capitol second-closest to the prime meridian, after London
10: It is the African capitol second in an alphabetical listing, after Abidjan.
5: It is the capitol of Ghana.
Accra
15. Asian history (25). Place these events from Asian history in chronological order: Manila becomes the Spanish colonial capitol, Shah Jahan builds the Taj Mahal, St. Francis Xavier visits Japan, Tokugawa Ieyasu becomes shogun of Japan, Kublai Khan dies. (5 points for each correctly placed)

Kublai Khan dies (1294)
St. Francis Xavier visits Japan (1549)
Manila becomes the Spanish colonial capital (1592)

Shah Jahan builds the Taj Mahal (1653)
16. Name this American from his quotes 30, 20, 10

30: "You know, I've gone back to read this thing and said, 'My God, I went on for a long time.'"
20: "I have gay friends. I deliberately . . . try to understand them. If that starts rumors, so be it."
10: "If you've been a military man for 30 years and the president tells you he needs you, it's hard to say 'No.' "

Bobby Ray Inman
17. Name the U. S. city $30,20,10$

30: Residents were not allowed to build fences or hang their wash out to dry on Sundays.
20: In the early 1950's this Pennsylvania town grew at an alarming rate. 500 houses were completed every day.
10: Quick construction was easy because all the houses had the same floor plan. The white pre-fab Cape Cod houses matched to the color of the paint on the walls.

## Levittown

18. Music Theory (30). Elvis preferred to sing songs built on major scales, but had he decided to write in minor, traditional music theory tells us he could choose from three forms of the minor scale.
(A) Which form of minor scale has a raised sixth and seventh note when ascending, but not when descending (5)
melodic minor
(B) The harmonic form of d minor has one sharp and one flat. Name these two notes. (5 points each)
c sharp, b flat
(C) The natural minor is the same as which mode? (15 points)

Aeolian mode
19. Philosophy (30). Name the 20th century philosopher from his work, 10 points each.
(A) Being and Time Heidegger
(B) Being and Nothingness Sartre
(C) Skepticism and Animal Faith Santayana
20. Lit Bonus (25). The Kennedy assassination has spawned almost as much speculation as Elvis's supposed death. Again in 1993 an author emerged with a startling new theory including new evidence to put rivals to rest. So what's the catch? This time Lee Harvey Oswald did it, and he acted alone. For 25 points, name the book that explains the theory by Gerald Posner.

Case Closed
21. Three Musketeers Bonus (30). College Bowl is a team sport; every member is important. So muster all the cooperation you got for this bonus on those dashing comrades, the three musketeers. 10 points each
(A) First, name the Three Musketeers.

Athos, Porthos and Aramis
(B) Now name the actors who played Athos, Porthos, and Aramis in the 1993 movie. (You do not need to match the actors to their roles.)

Charlie Sheen, Keifer Sutherland, and Oliver Platt
(C) Last, name the three singers who sang the movie's theme song "One for All and All for Love."

Sting, Bryan Adams, and Rod Stewart
22. Art (30). ArtNews magazine recently published its list of the 200 top art collectors in the world, none of which own a velvet Elvis. Given the source of the collector's wealth, city of residence, and a description of the collection, name the collector for the stated number of points.
(A) composer and producer from Sydmonton, England whose collection includes Victorian and pre-Raphaelite painting (5)

## Andrew Lloyd Webber

(B) This collector of 19th century European painting inherited his wealth from an oil magnate. His collection is kept in London. (5)

## J. Paul Getty II

(C) The only actor in the top 200 resides in Beverly Hills and collects modern and contemporary art (10)

## Steve Martin

(D) advertising executive from London whose collection includes contemporary art (10)

Charles Saatchi
23. Sports (30).
(A) For 10 points, name the first woman earn more than $\$ 100,000$.

Billie Jean King
(B) For an additional 10 points, name the year Billie Jean King became the first woman named Sports Illustrated's sportswoman of the year, winning the French Open, the U.S. Open and Wimbledon.

1972
(C) In 1973, King met a former Wimbledon and U.S. Open champion for a battle of the sexes in the Houston Astrodome. For 10 points, name her opponent.

Bobby Riggs
24. Religion Bonus (30). Just as the beginning of modern music is marked by the release of Heartbreak Hotel, the beginning of the Islamic calendar is marked by an important historical event.
(A) For 5 points, give the Arabic name for the flight of Mohammed from Mecca which marks the beginning of the Islamic calendar

Hegira
(B) For 10 points, within 20 years, in what year A.D. did the Hegira take place?

622 (accept 602-642)
(C) For 15 points, in what city did Mohammed take refuge?

## Medina

25. Olympics (30). Three times in the history of the Olympics, the winter and summer games were held in the same country in the same year. Given the year, name the cities for five points each.
(A) 1924 Paris and Chamonix, France
(B) 1932 Berlin and Garmisch-Partenkirchen
(C) 1936 Los Angeles and Lake Placid
26. Atomic number math (30). Given two elements and a mathematical operation, give the element that corresponds to the result of the calculation on the atomic numbers of the first two elements. For example, if I said Hydrogen plus Helium you would say Lithium, since the sum of the atomic numbers of hydrogen and helium is three, the atomic number of lithium.
(A) Neon times Boron ( 5 points)
(B) Polonium divided by Beryllium (10 pts)
(C) Mendelevium minus Palladium (15 pts)

Tin (10 $\times 5$ )
Scandium (81/4)
Cesium (101-46)
27. Cooking. Name these spices from their description in the Good Housekeeping Illustrated Cookbook. (10 points each)
(A) Whole root used crystallized, fresh, preserved in syrup or dried and ground. Used in Oriental-style meat, poultry, seafood and vegetable dishes, and with fruit
ginger
(B) Whole pods containing small brown seeds. Pods and seeds or seeds only are ground. Used in Indian and Scandinavian cooking, coffee, coffee-cakes, and cookies.
cardamom seed
